

KZD705

Universal Detector Deep Base with Earth Connection

General

The KZD705 is a 5 contact universal detector deep base for use with the Kilsen KL700 and KL700A series detectors from GE Security. In addition to the normal base and remote indication connectors, the KZD705 also has an additional earth terminal connector to allow for easy terminations of a possible cable screen. This deep base allows for rear cable entry, as well as side cable entry with up to 25 mm conduit directly into the base.

Standard Features

- Polarity sensitive
- Universal base fits conventional and analogue detectors
- Additional earth terminal available
- Remote indicator contact available
- Rear and side cable entry support
- Direct 25 mm conduit entry support for full surface mount applications

KZD705

Universal Detector Deep Base with Earth Connection

Specifications

Dimensions (Ø x h)	124 x 40 mm
Weight	60 g
Operating voltage	
Current consumption	
Isolation current	
Isolation resistance	
Environmental characteristics	
Operating temperature	-10°C to 70°C
Storage temperature	-10°C to 70°C
Relative humidity (non-condensing)	10 to 95%
