

# TVP-WM-CM

TruVision PTZ dome corner mount adapter

## Overview

---

The TVP-WM-CM allows for a more efficient installation for corner mount PTZ installations. Such a corner mount installation allows a single PTZ camera to cover a wider field of view compared to a standard wall mount bracket. The TVP-WM-CM can be combined with the TVP-WMB or GEA-102 TruVision PTZ brackets.

## Details

---
