

GE-CD102A

1 input to 2 Output Video Distribution Amplifier

Standard Features

- 1 Input 2 Output Video Distribution Amplifier
- Wide bandwidth, video gain compensation amplification
- HF compensation
- Sharpness and Brightness adjustment
- Transmission range: 1000 meters (RG59 coaxial cable)

GE-CD102A

1 input to 2 Output Video Distribution Amplifier

Specifications

Video Input Channels

- 1

Video Output Channels

- 2

Video Input Level

- 0.8 - 1.2V pk-pk (Standard) 75 Ohms

Video Output Level

- 1V pk-pk 75 Ohms

Video Bandwidth

- 10hz - 10Mhz

Power Supply

- 12VDC (included)

Power Consumption

- 220 mA

Dimensions

- 138 84 28

Weight

- 240g

Material

- ABS Black
