TruVision™ 960H (700 TVL) True Day/Night Box Camera

Introduction

The TruVision™ 960H (700 TVL) box camera supplies superb video quality under variable or harsh light conditions by offering digital noise reduction, ATR (adaptive tone reproduction) which reveals details under wide dynamic range conditions, and HLC (highlight compensation) technology that suppresses intense situations such as strong vehicle headlights at night.

Based on the latest CCD and DSP technologies, the camera offers 960H (700 TVL) resolution and high sensitivity performance.

Installers of the camera can use on-screen menus to adjust advanced features, such as privacy zones, motion detection and camera titles.
