

N-MC-PC

MCP Accessory - Intelligent Manual Call Point Connector

General

The N-MC-PC is a manual call point, 90° plugged connector allowing for the easy connection and disconnection of cables to the manual call point to simplify installation and maintenance.

Details

- Allows a quick fit of field cabling to the compatible manual call point
- High quality moving parts allow for multiple, fault free connections without mechanical failures
- Keyed orientation alignment aids prevents incorrect or reverse fitment to the manual call point connector
