TruVision 2MP IP PTZ camera, H.265+, 25x Optical zoom, IP66, IK10, Hi-PoE/24VAC

Overview

TVGP-P01-0201-PTZ-G is a Professional Pan Tilt Zoom camera from the TruVision P Series IP PTZ camera range. The camera's 2 megapixel resolution combined with extreme low light semsitivity and 25x optical zoom ensures you capture the required level of detail at all times.

The camera is fully programmable, with up to 300 presets along with 8 patrol and preset tours.

The 8-zone privacy mask feature allows these cameras to block out sensitive areas. In addition, the variety of intelligence features and analytics adds substantial value and enhanced performance to any video system.

Video intelligence

The camera comes with a various built-in intelligent video features like line crossing detection, intrusion zone detection, region entry/exit detection, ANPR capabilities and face capture. Some of these intelligence features can be refined further by adding person/vehicle target classification to filter out unwanted events which automatically results in more efficient alarm event and storage management.

Technology

The camera features H.265+ compression to optimize its bandwidth and storage requirements. At the same time, H.264 which is also supported, allows the camera to be connected to legacy installations where needed.
ONVIF, PSIA and CGI command sets ensure that this camera can also be easily connected to virtually any video surveillance system.
